

**Meetings: 2nd Thursday each month, 6:30 pm** (check [website calendar](#) for cancellations)

The Town of Austerlitz has begun a process to review and update the town's Comprehensive Plan, created in 2004. Phase 1 of the project was an initial analysis by a hired consultant of the Comprehensive Plan and to suggest a way forward. On July 14, 2022, the Town Board approved a proposal by Nan Stolzenburg, the hired consultant, to lead the completion of the project which will be done in several phases over the next approximate 18 months, i.e. planned to be through Spring, 2024. The project includes several steps to seek public input.

This website is intended to be a repository of key information and to keep the public current on the progress of the project. If you have any questions, [please contact us](#).
